Project Name: Sharelife Secret Shopper Campaign

1. Description of Proposed Change

Please provide a detailed description of the scope change.

1. Remove "Choose From" Verbiage

- Rather than "Choose from top resorts worldwide" we would like it to read "Top resorts worldwide"

2. Premium Drinks -> Cocktails

- Rather than saying "Premium Drinks" we would like it to read "Cocktails"

3. Remove "Activities"

- If you could please remove the " + Activities" from this bullet of the You Receive section

4. Discrepancy with Locations Available

- The team expressed concerns on language when the page references 50+ destinations and then continues to show 8 partner resorts. We did not have any particular ideas on how to refactor either of these sections but would like the language to be more aligned if you have any ideas!

5. Verbiage adjustment in FAQ section

- If the answer to this question could be adjusted to the following: The resort destination will be based on the dates you choose and selected by The Fulfillment Center.

6. TCPA Verbiage

- Rather than Sharelife Vacations be mentioned in the TCPA verbiage, we would like to use; The Fulfillment Center

7. Adjusted checkbox verbiage

- From: I understand I will receive complimentary resort accommodations (4 days/3 nights), including all meals, drinks, and resort amenities. I am responsible for my airfare and transportation from the airport to the resort.

- *Changed to: I understand I will receive complimentary resort accommodations (4 days/3 nights), including meals, drinks, and often resort amenities. I am responsible for my airfare and transportation from the airport to the resort.*
- *removed the word all and included the word often in front of resort amenities.*
